

## PSHE Reception Summer 2

## Growing and Changing

### What will I know by the end of the unit?

There are 4 seasons in the year: Autumn, Winter, Spring, Summer.

Plants, animals and people have cycles where they grow and change over time.

The human life cycle starts as a baby. Then we grow into a toddler, child, teenager, adult and older age.

A baby grows in a woman and after 9 months they are born.

The private parts of our body are **private** and no one has a right to touch them or look at them, because **they belong to you**.

Families are people who provide us with love by caring for us and keeping us safe.
