

## Year 6 Newsletter Summer 1

Welcome back to the start of the Summer term. This half-term our focus is on the upcoming SATs tests and making sure the children are prepared. We will also be covering a range of new topics in different subject areas.

Please do contact me through Class Dojo if you have any queries.

Mrs O'Reilly

### English

In English, we are going to start by writing a setting description based on a picture book. We will then be creating reports about endangered animals. In Guided Reading, we will continue to practise answering comprehension questions using the text carefully. We will also be revising a range of spelling, punctuation and grammar rules.

### Maths

For our lead up to SATs, we will be recapping our calculation methods and topics we have completed so far this year. This will include problem solving and reasoning activities.

### P.E.

Year 6 will have P.E. on a Monday. They can wear their PE kit to school on these days: black/grey joggers, red t-shirt and black trainers.

### R.E.

In R.E. our topic focuses on the events of Ascension and Pentecost in Christianity.

### Science

This half-term, we will be learning about classification of plants and animals. It will involve using keys to identify unfamiliar species and learning about micro-organisms.

### Reading Books

Reading as regularly as possible to an adult can really help your child's progress. We would like to see your child read a minimum of **FIVE** times a week, which will be checked every Monday. Once they have read, an adult should sign and date their Reading Record.

### Homework

Homework is set every Friday and should be returned by **Wednesday**. Please encourage your child to complete their homework to a high standard.

### Geography

This half-term we will be learning about the importance of rivers. This will include facts about rivers around the world as well as how rivers are used by different people.
