

Year 5 Newsletter
Summer 2 2022

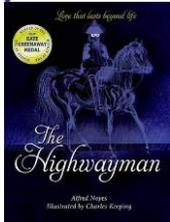

Welcome back, Year 5! Our final half term is a very busy one! We have some exciting visits planned, such as our MAPAS performance and the musical at Coop Academy Walkden. I'm sure that we are going to have a great end to a successful year.

Miss McLoughlin

If you would like to discuss your child's progress at any time, please send a message on Class Dojo to arrange a meeting.

English

This half term, we will be reading my favourite story, 'The Highwayman'. I am so pleased to share this exciting book with you, as I know that you will produce some fantastic writing.

Maths

This half term's Maths focuses will be space, shape and measure. We will be learning some interesting concepts such as how to draw and translate different shapes. You will also need your arithmetic skills in order to convert between units of metric and imperial measures.

P.E.

Year 5 will have P.E. on Mondays and Tuesdays this half term. Children need to have a P.E. kit in school consisting of a school P.E t-shirt, black shorts and pumps/trainers. Weather permitting, both sessions should take place outdoors.

Reading Books

Reading as regularly as possible to an adult can really help your child progress. We would like to see your child read a minimum of FOUR times a week. Once they have read to an adult, the adult should sign their Reading Records.

Homework

Homework is set every Friday and should be returned by Wednesday. This will usually consist of a reading comprehension and Maths task. Please encourage your child to complete their homework to a high standard every week.

R.E.

This half term, our topic is, "How important are holy books in faiths other than Christianity?" We will explore a range of different holy texts and discuss why they are important.

Science

During our Earth and Space topic, we will learn about the different planets in our solar system and the movement of the moon.

Geography

This half term, Year 5 will be continuing their Geography topic all about South America. I'm sure that you will enjoy making your own rainforest models.
