

Year 4 Newsletter Summer 1 2024

Welcome back.

Welcome back! We hope you have all had a lovely Easter holiday. If you have any questions, please contact the office, send a message on Class Dojo or speak to either of us at the end of the day.

Mrs. Lally and Mrs. Nowland

English

In English, we will be using 'The Lost Happy Endings' by Carol Ann Duffy as our stimulus. We will be writing a setting description, creating adverts and inventing our own narrative poems.

Mathematics

In Maths, we will be multiplying and dividing 3-digit numbers by 1-digit numbers. We will be converting between decimals and fractions and solving problems involving coordinates, pictograms, line graphs, area and perimeter.

We will continue revisiting all of the multiplication facts up to 12×12 .

P.E.

Year 4 will have P.E. on Wednesdays and Thursdays and so need to come to school wearing their P.E. kit on those days. P.E. kit consists of a school (or plain red) T-shirt, grey or black tracksuit bottoms, pumps/trainers and a school jumper, cardigan or fleece.

Reading Books

Reading as regularly as possible to an adult will help your child progress. We would like to see your child read a **minimum** of FIVE times a week. Once they have read to an adult, the adult should sign their Reading Record.

R.E.

Our topic is 'For Christians, what was the impact of Pentecost?'

Homework is set every Friday and should be returned by **Wednesday**. Please encourage your child to complete their homework to a high standard every week.

History

Our History topic is 'Crime and Punishment through the ages'. We will be finding out about crime and punishment for the Romans, the Anglo-Saxons, the Tudors, The Georgians and the Victorians.

Science

In summer term 1, we will be finishing our unit on 'Why is the sound of pop music enjoyed by so many?' and starting our new unit 'Which wild plants and animals thrive in your locality?' We will be identifying and naming living things in our school grounds,

classifying them into groups and recognising that environments can change and that this can sometimes pose dangers to living things.
